Dear Applicant,

To be a fire fighter, you have to commit yourself to front-line duty in one of the world's most honored and noble occupations. It is also one of the most hazardous of all civilian occupations. It is the duty of every fire department to save lives and reduce injuries and property losses when fires and other disasters occur.

The fire service as an organization is rich in heritage, dedication, unselfish sacrifice and inspired human action that has accumulated over three centuries. Each person in the fire service inherits the traditions of the past and, in part, the fire fighters actions will shape the future of the fire department and indeed the fire service of the country.

If successful, you will join the ranks of over 185,000 fire service professionals: and that of the 1,500,000 paid on-call and volunteer fire fighters who provide services in some 24,000 paid, composite, or volunteer fire departments across North America.

If you are looking for a comfortable and easy job now is the time for you to re-think your application. If, however, you are motivated by a highly developed sense of personal dedication, genuine desire to help people, and devotion to this calling, you will find that each level of achievement opens doors for you which will lead to an ever increasing responsibility, greater job satisfaction and the need for even greater personal commitment.

As Tumbler Ridge Firefighter, you will be an ambassador to the public for this department and must embody such a position at all times.

Minimum application requirements are:

1. Positive Attitude
2. Minimum 19 years of age
3. Valid Driver's Licence, Class 7N or higher and a satisfactory drivers abstract
4. Ability to obtain a satisfactory Criminal Record Check involving vulnerable persons
5. Commitment to attend regular training to a 65% standard

If you have any questions regarding the application or its process, please feel free to contact me.

Regards,
