

# FIRE RESCUE SERVICES SURVEY

The District of Tumbler Ridge wants to hear from you!

Tumbler Ridge Fire Rescue, an arm of the District of Tumbler Ridge, provides fire and life safety response to ensure the safety of residents, visitors, and businesses within the District. Most of our staff are Paid on Call firefighters, meaning that they work and live in our community and volunteer to provide fire, rescue, and other services as they are required.

A Fire Services Master Plan is currently being developed to help shape the future for Tumbler Ridge Fire Rescue. Public consultation has been identified as an important part of the planning process and as such an online and paper-based survey has been developed.

The District has commissioned this survey for two purposes. One is to help inform you of what we do and the second is for you to inform us of your expectations or thoughts as to how we continue to provide high quality, effective, safe, and sustainable fire services into the future.

**CLICK HERE TO TAKE THE SURVEY**  
**Paper versions of the survey can be found at Town Hall or the Fire Hall**  
**(Survey Closes Midnight September 20<sup>th</sup>, 2021)**

*Thank you for your continued support!*
